Sri Sai Gayatri School	Percentage: 92%

Projects

- **Money tracker Webapp- Date: June 2021 – August 2021**
Pioneer financial control with our Money Tracker Webpage. Crafted with HTML, CSS, and JavaScript, powered by MongoDB, this innovative tool seamlessly tracks expenses, ensures secure data storage, and offers real-time financial insights. Elevate your financial management skills with a user-friendly interface and robust technology.

Experience

Web Development Intern at Bharat Intern, contributing to impactful projects in front-end and full-stack development. Designed a personal portfolio and collaborated on a Netflix homepage redesign. Led **full-stack development** for a registration webpage, ensuring intuitive interfaces and secure data handling. Gained valuable experience, enhancing problem-solving skills in a collaborative team environment, applying theoretical knowledge to real-world scenarios.
